ColorMe
The Computer Coloring Kit

ColorMe is an easy-to-use computer coloring kit designed especially for young children. Now, children can draw freehand or use a simple drawing program to "cut and paste" dozens of predrawn pictures from Picture Disks. Every child is a talented and happy artist with ColorMe!

Available on: Commodore, Apple IIc or 128K enhanced IIe

ColorMe Picture Disks

ColorMe Picture Disks have pictures of children's favorite characters like Rainbow Brite,™ the Shirt Tales,™ the Hugga Bunch,™ and even the adorable Tink!Tonks!™ Children can "cut" these characters from the disk and include them in their original ColorMe creations. An exciting innovation in computer coloring software.

Available on: Commodore, Apple IIc or 128K enhanced IIe

ColorMe Supply Box

The ColorMe Supply Box contains everything children need to turn their printer and ColorMe program into a treasure chest of creative activity. The Supply Box includes colored printer paper, adhesive-backed printer paper for stickers, a binder to make a customized coloring book and even special buttons. It's a joy for a rainy (or any) day!

THE HALLEY PROJECT:
A Mission In Our Solar System

By Tom Snyder Productions, Inc.

The Halley Project is looking for highly skilled star pilots to participate in a top secret space exploration mission. To qualify, you must successfully complete a series of missions, navigating by the stars, in this authentic real-time simulation of the solar system. Special secret mission, too! Joystick required.
